[/habib-u-habibi](#) | Portfolio: <https://hhabibi.bio/>

Cybersecurity professional with a solid educational foundation and a proven track record. Holding a Cybersecurity certificate from Monash University and a Bachelor of Science in Computer Science, I offer a unique blend of technical expertise and soft skills. I've held diverse roles, from self-employed business partners to contributing to projects with organisations like UNDP and the World Bank. These experiences have honed my problem-solving skills, project management abilities, and knack for building relationships with diverse stakeholders.

Skills:

- Risk Management and Assessment
- Analyse Security Incidents and Breaches
- Incident Response and Management
- Security Awareness and Training
- Technical Expertise
- Compliance and Governance
- Documentation and Reporting
- Cloud Security
- Office 365
- Security Frameworks (NIST, ISO 27001)

Education:

- Certificate, Cybersecurity – Monash University, Melbourne, Australia, [Link](#)
- Bachelor of Science, Computer Science – NewPorts Institute Karachi, Pakistan

Projects:

Web Application Security Enhancement | [Link to Project](#)

- **Summary:** Conceptualized and hosted a web application for my portfolio
- **Role:** Sole author
- **Tools:** VS Code, Docker Container, Azure web app, Azure Front Door, and configured Web Application Firewall (WAF)

Azure Cloud Network Design | [Link to Project](#)

- **Summary:** Designed a secure virtual network on Azure Cloud for Red Corp Inc
- **Role:** Sole author
- **Tools:** Azure Virtual Network, Load Balancer, Jump Box, Azure VM, Docker Container, Azure Security Group

SOC Analyst at VSI (Virtual Space Industries) | [Link to Project](#)

- **Summary:** Served as a SOC analyst, crafting a custom security monitoring environment and evaluating it against simulated attacks.
- **Role:** Contributed as part of a group and authored comprehensive reports
- **Tools:** Splunk Enterprise Edition

Phishing Awareness Initiative | [Link to Project](#)

- **Summary:** Developed a website for phishing awareness campaigns
- **Role:** Solely wrote the project.
- **Tools:** ngrok, Apache Web Server, VS Code, PHP, HTML, CSS

Experience:

Self-Employed, *Bright Zone Int LLC, Melbourne, Australia*, Aug 2018-Present

- **Strategic Procurement Management:** Skillfully oversee the commercial procurement of IT equipment and mobile phones for overseas markets, demonstrating expertise in sourcing, negotiating, and procuring high-quality products while achieving a remarkable 10% cost reduction, contributing to increased profitability.

- **Supplier Relationship Management:** Excel maintains strong and mutually beneficial relationships with suppliers, ensuring a reliable and efficient supply chain. This strategic approach guarantees a consistent flow of products, reducing disruptions and ensuring a seamless delivery process to Dubai.
- **Logistics and Shipping Proficiency:** Exhibit exceptional logistics and shipping acumen by effectively coordinating the transportation and delivery of procured products to Dubai. Your attention to detail and organisational skills guarantee the on-time arrival of goods, meeting market demands and bolstering customer satisfaction. [Link](#).

Founder, *Royal Sports City, Quetta, Pakistan*, Feb 2015- Jun 2018

- **Comprehensive Project Leadership:** Initiated and managed a youth sports promotion project with the slogan "Say no to Drugs," including constructing the "Royal Sports City" indoor playground. This involved budget allocation, coordination with civil engineers and architects, and construction, logistics, and labour-hiring supervision.
- **Event Coordination Expertise:** Collaborated with local government officials to organise and execute over 50 sports events, fostering community engagement and encouraging youth participation in healthy activities.
- **Community Engagement:** Demonstrated a commitment to community well-being by promoting sports as a positive alternative and actively contributing to creating accessible sports facilities encouraging a drug-free and active lifestyle among youth. [Link](#).

Information Technology Specialist, *UNDP/DIAG, Kabul, Afghanistan*, Sep 2009 - May 2014

Contributed to the Disbandment of Illegal Armed Groups (DIAG) and strengthened government.

- **DIAG Initiative Leadership:** Spearheaded the Disbandment of Illegal Armed Groups (DIAG) initiative, leading to a remarkable 30% reduction in illegal armed groups. This achievement significantly enhanced government stability and security, strengthening peace and order.
- **Web Application Development:** Designed and developed a highly efficient web application for weapon registration, simplifying the process and ensuring strict compliance with legal requirements. This innovation streamlined data management and improved transparency.
- **LAN Infrastructure Management:** Managed configurable and maintained the organisation's Local Area Network (LAN) infrastructure, guaranteeing uninterrupted, secure communication and efficient data sharing. Your expertise ensured smooth internal operations and data security.

Additional Experience:

Database Administrator, *World Bank/NSP, Kabul, Afghanistan*, Dec 2007 - Sept 2009

Worked on the Afghan National Solidarity Programme (NSP), Ministry of Rural Rehabilitation and Development (MRRD) and funded by the World Bank. [Link](#)

- **Web App Development:** Led the development of a web app for the NSP, improving CDC operations.
- **Expansion and Integration:** Integrated 18 new CDC offices, expanding NSP's reach.
- **Effective Project Management:** Coordinated teams for on-time project delivery.

Information Technology Developer, *UNDP/IEC, Kabul, Afghanistan*

Mar 2006 - Nov 2007 (1 year nine months)

Served as an IT developer in Afghanistan's Independent Election Commission (IEC). [Link](#)

- **Database Development:** Designed a robust voter registration database system at the IEC, ensuring data integrity, security, and accessibility.
- **Website Expertise:** Managed the IEC website, delivering a user-friendly interface, real-time updates, and effective electoral information communication.
